Disabled Access

Wheelchair access is possible to 95% of the whole of the Abbey site.

The grounds have compacted gravel/dust paths, which are, believe it or not, excellent for wheelchairs, and wheelchairs are also permitted to go on to the grass, if the ground is not too wet.

There are extra toilets available for disabled persons.

The Lady Chapel is accessible for viewing, by those in wheelchairs, via a 'bridge' across its centre, without any steps!

There will be an induction loop set up for the Main stage.
